MEMORANDUM FOR: CIA Career Council

SUBJECT: Proposed Revisions to Fitness Report

In response to the request of the Career Council the Fitness Report (Form 45) has been reviewed to determine what changes should be made at the next reprinting. These changes have been held to a minimum. There are many reasons for not making radical changes in the fitness reporting system without the participation and advice of those who use and those who complete the report.

2. The recommended changes are incorporated in the attached photostat of Form 45 and are identified by arrows in the margin. These changes were informally discussed with the members of last year's Task Force on the Fitness Report - [REDACTED]
